

## Roman shopping trip

The Romans used numerals to price goods and trade items.

Let's go Roman shopping! Can you work out the cost of these items?

Bread V 	Wine XII 	Honey XXI 	Perfume XLV 
Shield XXX 	Sword XV 	Chariot wheel LXIV 	Bracelet XXXII 

### Shopping List

Bread =  
 Honey =  
 Bread + honey =  
 Shield + sword =  
 Chariot wheel =  
 Bracelet =  
 Bracelet + perfume =

Answers: 5, 21, 26, 45, 64, 32, 77

Interesting fact:  
The Romans used metal coins. A single coin was called DENARIUS
